Overview

You need to write at least 1 test case, 1 bug report, and 1 other piece of documentation (a test plan, another case, or another bug report).

Test Case

Description:

This test will verify if the scoreboard is updated properly after each game of Duel Duo. Making sure that everything is working the way it should.

Steps:

1. Start the app.
2. Play Duel Duo.
3. Click the **Draw** button.
4. Select two bots.
5. Press the **Duel** button.
6. Analyze what happens.
7. Repeat process.

Test Postconditions:

● The app should tell you if you won or lost.
● The scoreboard should be updated on the "Wins" side if you won.
● The scoreboard should be updated on the "Losses" side if you lost.

Scoreboard Error Bug Reports

Description:

The scoreboard is not updating properly after each game of Duel Duo.

Steps To Reproduce:

1. Start the app.
2. Play Duel Duo.
3. Click the **Draw** button.
4. Select two bots.
5. Press the **Duel** button.
6. Analyze what happens.
7. Repeat the process until you win 2 times and lose 2 times.
8. Pay attention to the Wins and Losses section.

Expected Result:

- The app should tell you if you won or lost. The scoreboard should be updated on the "Wins" side if you won. The scoreboard should be updated on the "Losses" side if you lost.

Actual Result:

- The app correctly notifies you if you won or lost by saying "You won" or "You lose". However, the "Losses" side of the scoreboard updates regardless of winning or losing.

Environment:

- Chrome Version 117.0.5938.149
- Mac Version 12.6.8

Image Documentation:

Duel Duo

Click the Draw button to draw 5 random bot cards and then choose 2 to be your Duel Duo!

Once you have your Duel Duo, click the Duel button to fight a computer Duo!

"See All Bots" Error Bug Reports

Description:

The "See All Bots" button should show you all the bots after you press the button or have some type of functionality. It does not have any functionality at this time.

Steps To Reproduce:

1. Start the app.
2. Press the "See All Bots" button.
3. Repeat the process of pressing the button.

Expected Result:

- The "See All Bots" button should have some type of functionality. From the text displayed on the button, It is reasonable to assume that by pressing the button, all bots would be shown to the user.
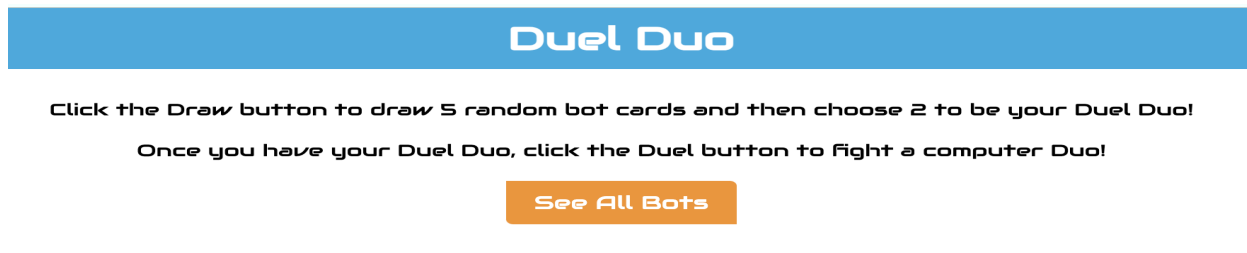

Actual Result:

- There is no change to the user facing side of the app. No bots appear as a result of pressing the button. Look at the image documentation to get a clear view of the error that shows up in dev tools.

Environment:

- Chrome Version 117.0.5938.149
- Mac Version 12.6.8
